To Whom It May Concern:

I have had the opportunity to work with Jason Clouse with All Inclusive Contracting over the years and they have completed numerous projects at our school's location. I would like to express my appreciation for the excellent service they provide. They are dependable and reliable as a contractor.

In 2014 as a result from storm damage, Jason Clouse and his team completed the large silicone roofing emergency project and made themselves readily available to meet our needs. They ensured that our school's standards were met and actually exceeded my expectations.

I would highly recommended All Inclusive Contracting to any organization. They truly understand what it takes to maintain a successful relationship with their customers. If you would like to discuss this further, please feel free to give me a call at 480-502-0177.

Sincerely,

Pascal Dionot
Executive Director
